

Smarter. Safer. More Affordable.

Say goodbye to costly security guards and outdated systems.

Our PSaaS solution combines smart cameras, live surveillance, and wearable panic buttons into one streamlined, subscription-based service that protects your business—24/7.

- **Smart Security Cameras**
 - HD video & night vision clarity
- **Live Surveillance Monitoring**
 - Trained agents monitor your premises 24/7
 - Immediate intervention during suspicious activity
 - Law enforcement escalation protocols
- **Wearable Panic Buttons**
 - Discreet, wearable, and GPS-enabled
 - Ideal for high-risk zones or lone workers
- **EverAlert's Digital Notification System**
 - Emergency, general announcements, bell and event scheduling
- **Access Control**
- **Automated Emergency Response Solutions**

Why Choose PSaaS?

- Zero Upfront Equipment Costs
- 24/7 Monitoring Without Hiring Security Staff
- Scalable for One or Multiple Locations
- Fast Setup and Minimal Downtime
- Compliance-Friendly & Incident Reporting Ready

Lower total cost of ownership, fewer false alarms, higher employee safety—and real-time response when it matters most.
